New Issue Postage Stamps

The bureau of engraving and printing at Washington has completed designs suggested by Postmaster-General Meyer for a new issue of United States postage stamps. It is expected that shipments to postmasters will commence some time in November. The new issue has been designed with the object of obtaining the greatest simplicity commensurate with artistic results. The profile has been taken in each instance, giving a bas-relief effect. All the stamps are of familar design, containing a head in an ellipse, the only decoration being laurel leaves on either side of the ellipse. The lettering in straight lines at the top being "U. S. Postage" and at the bottom the words "Two Cents." The one-cent stamp contains the head of Franklin, while all others will bear that of Washington, from busts by Houdon. The colorings are the reds and blues of the early stamps. Director Ralph of the bureau of engraving and printing regards the new stamps as the most artistic ever issued by the government.

Freight Train Wrecked

At about 10 a. m. Saturday a flat car derailed at the Dumbarton switch and the car following slid on top of it, blocking the track so that the Stanford football team was late in getting to San Francisco. The heavy freight that passes in the forenoon endeavored to get out of the way of the Stanford train by running up the cut-off. At this point is a double switch and as the freight backed on a flat car jumped to the second switch and ditched. The next car, a box loaded with sugar was slid off its running gear and on top of the flat. This blocked the track and it was about twenty minutes before the passenger train got past. The wrecking train was brought from San Francisco and quickly cleared the cut-off track.

COWARDLY ATTEMPT TO KILL HENEY

Frank J. Heney, assistant district attorney of San Francisco was shot down Friday in the court-room of Judge Lawler by Morris Haas, who had been rejected as a juror in one of the graft cases. During a recess of the court, Haas approached from behind and shot Heney in the head. The assassin was arrested and while in custody of the officers committed suicide.

The commission of this act following the dynamiting of the Gallagher house adds strength to the opinion that the grafting "higher ups" will stop at nothing to intimidate the witnesses and lawyers of the prosecution and prevent a conviction of Abe Ruef, the one who holds them all in his hands, and who when he finds it impossible to escape, will bare the whole shameful scandal. Nothing seems to be forgotten in the efforts to weaken the prosecution. Two of the great dailies of San Francisco, the Examiner and Chronicle have been enlisted upon the side of the defense and with the assistance of several papers of a lower degree have made insidious attacks upon Heney, Burns and those who are endeavoring to uphold civic decency. Now that they have succeeded in goading a foolish man to attempt murder and then to self destruction, these ghouls, for they are little else, come out with expressions of condolence and sympathy for the man who had been the target of their vile abuse. Out upon them

A handsome cottage is being erected in Dingee Park for L. Jansen of San Francisco. The building is located between Arch street and Broadway and will cost when completed, $4000. COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

Just a Matter of Business

The Board of Supervisors in appropriating $800 for the new map of the county has acted as good businessmen should. When a person offers something for nothing it can always be depended upon there is a "nigger" in woodpile somewhere. Mr. Lewis offered to get a map of the county free, provided it would be made the official map of the county. Now, to make it official, the County Surveyor would spend much time and money in retracing it, and, if found incorrect, it would be rejected.

Boards of Supervisors in other counties have allowed from $2,000 to $4,000 to their county surveyors for the making of county maps. San Mateo county has made appropriations in the past of $2,500 and $3,000.

Now Mr. Neuman, on account of being in a better position to make a map, only asks the county for $800.

Mr. Neuman is proceeding in the only workmanlike manner that can be followed—by platting out from descriptions the entire county, thereby making a correct map. The map will be one that our next Board of Supervisors will only be too glad to accept and make official.

The attempted assasination of Francis J. Heney in open court in San Francisco last Friday by an ex-convict is to be deeply regretted. Such lawlessness only tends to retard the business interests of San Francisco, and to cast odium upon its people. However, there will be no set back to the prosecution of the boodlers who have cast disgrace on the fair name of that City.

MAILING LETTERS.

One Trick That Doesn't Go With the Postal Officials.

There are times when, for one reason or another, you may wish to post a letter to some one, indicating in the postmark on the envelope that it came from some other than your own home town. But accordingly, as you value the scheme which you are trying to work, don't make the mistake of trying to work the postmaster of that particular town into this particular scheme of posting the letter for you. In anything, from a harmless practical joke up to a penitentiary offense which you may be planning, the postal service will recognize in you only a scoundrelly intent to deceive and defraud, and it has schooled every postmaster in the country into that fixed belief upon which he must act.

For example, you have written your letter, which you desire to appear as having been mailed at a particular postoffice somewhere in the United States. You seal it, stamp the envelope and address it to the person. This letter you inclose in a larger envelope to the postmaster of that particular town with the written request, "Please post the inclosed letter at your office."

The postmaster will do this. Oh, yes.

The postmaster, taking up the directed, stamped and sealed envelope, writes across a corner of the envelope a full explanation of the matter, reciting that it was received from Mr. So-and-so at a certain place, asking that the postmaster drop it into the mail as originating at that particular office over which he has jurisdiction.

Nice little situation, isn't it?—Chicago Tribune.

THE DOLLAR MARK.

A Theory as to the Origin of This Monetary Symbol.

The origin of the dollar mark is one of the curios of our financial history.

In the early days of the nation there was utter confusion in the circulating medium. Several of the colonies had authorized coins of different denominations, and, besides these, there were English pence, shillings, crowns and half crowns; French coins brought from Europe and Canada; Spanish coins of half a dozen denominations, especially reals and doubloons; Mexican coins; in Pennsylvania Dutch and German pieces, and along the coast Portuguese and even Italian money was often seen, brought by seamen.

The United States mint was established in 1791, and the United States coinage became, of course, the legal tender. The mixed coinage, however, was not at once displaced, but continued in local use, so that it became necessary for merchants in keeping accounts to designate that a bill was to be paid in United States currency, or, if in miscellaneous coins, these were received at a discount. So before the sum total of the bills the merchant was accustomed to write the letters "U. S." signifying United States money. In the hurry of writing the "S" was often written over the "U," then the connecting line at the bottom easily dropped off, and to the present day most people unconsciously commemorate the original practice by making the two down strokes first, then adding the "S."

State Officials Paid in Pelts.

Probably few people today know that the original name of the state of Tennessee was Franklin or that in 1788 the salaries of the officers of this commonwealth were paid in pelts, but the following is a correct copy of the law:

Be it enacted by the general assembly of the state of Franklin, and it is hereby enacted by authority of the same, that from and after the first day of January, 1788, the salaries of this commonwealth be as follows—to wit:

His excellency the governor, per annum, 100 deerskins.

His honor the chief justice, 500 deerskins.

The secretary to his excellency the governor, 500 raccoon skins.

County clerk, 300 beaver skins.

Clerk of the house of commons, 200 raccoon skins.

Members of the assembly, per diem, 3 raccoon skins.

Justice's fee for serving a warrant, 1 minkskin.

The first attempt at scientific forecasting of the weather was the result of a storm which during the Crimean war, Nov. 14, 1854, almost destroyed the fleets of France and England. As a storm had raged several days earlier in France, Vaillant, the French minister of war, directed that investigations be made to see if the two storms were the same and if the progress of the disturbances could have been foretold. It was demonstrated that the two were in reality one storm and that its path could have been ascertained and the fleet forewarned in ample time to reach safety.

A Bird of Paradise.

Four-year-old Frances is happy to be allowed to attend Sunday school at the graystone Episcopal church whose spire is visible from her home. When she returned after her first attendance she was asked by a kindly caller, "Where did you go this morning, Frances?"

"I don't know the name of the church," she replied after a little thought, "but it's the one with the great long beak."—Exchange.

Hopes to Make $2,000 a Year

ALAMEDA, Nov. 14.—Rev. P. W. McClaskey, pastor of the Santa Clara avenue Methodist Episcopal church, has placed his resignation in the hands of Rev. S. D. Hutsinpillar of Berkeley, the district superintendent. Rumor said there were differences between McClaskey and his congregation but this was denied by McClaskey and also by his wife. McClaskey said today that he was giving up the ministry to enter business life, as the pastorate of the Santa Clara avenue church only paid him $900 a year, with the use of the parsonage, and that he had an opportunity to engage in the real estate business with a chance of making $2,000 a year.

McClersey filled the pulpit of the Santa Clara avenue Methodist Episcopal church for one year and was reappointed recently to serve for a second year. M. D. Lick, one of the trustees of the church, said that the resignation of McClaskey had been accepted and that another pastor was being sought. The trustee refused to discuss the retirement of the minister other than to say that there was nothing sensational about it.

When the wife of the minister was asked if there had been any gossip connecting the name of her husband with one of the women members of his congregation she said that she had heard such rumors, but that she did not take any stock in them.—S. F. Call.

Mr. McClaskey was pastor of the local Methodist church and as he is a rustler will undoubtedly make a success of the real estate business.

Charges Were Denied

OAKLAND, Nov. 14.—Charges of fraud and the use of undue influence over the mind of Mrs. Julia E. Tisdale of Berkeley regarding the division of her estate, which her son, H. L. Tisdale, made against his brother, J. L. Tisdale, were denied today.

The plaintiff, H. L. Tisdale maintained that his mother had often expressed her intention of dividing her estate equally among her four children. The estate consisting of property in King street near Fairview avenue, was left to J. L. Tisdale, the defendant, when the mother died. The other children said that the favored son had induced her to give all to him when their mother's mind was weakened an infirm.—S. F. Call.

The Tisdales were former old residents of Redwood City and are well known here.

SUPERVISORS HOLD SESSION

The board of Supervisors met in regular session Monday. All the members were present except MacBain.

The application of J. F. Ward for a liquor license in San Bruno Park was laid over until the next meeting of the board.

A communication was read from Geo. W. Lowens of Colma protesting against the appointment of an additional Justice of the Peace for the First Township. Lowens protested in the name of the tax payers of that township. Geo. Luce is an applicant for the place. It is likely that several Justices of the Peace will be appointed by the board at its next meeting. The communication was ordered filed.

This being the day set for hearing the petition asking for the incorporation of Vista Grande, the clerk was instructed to read the petition and protests against incorporation.

Valentine Brittain presented a lengthy protest signed by the people of the Crocker tract asking that said tract be excluded from the territory proposed to be incorporated.

Geo. C. Ross presented the following protest signed by Archbishop Riordan and others.

To the Honorable, the Board of Supervisors of the County of San Mateo, State of California: The undersigned, property holders in your county, whose property is included in the limits of the proposed incorporation of the City of Vista Grande, as set forth in the petition for such incorporation, now on file, do hereby protest against the inclusion of the lands of the undersigned, and of each of the undersigned, in the limits of said proposed corporation; and we ask your honorable board, should you grant the said petition, to nevertheless exclude all of the lands of the undersigned, and of each of them, from the limits of said proposed corporation.

(Signed): Spring Valley Water Company, Hilcrest Company, American Real Estate Company, Cypress Lawn Cemetery Association, Schwerin Realty Company, Crocker Estate Tract, Mount Olivet Cemetery Association, Home of Peace Cemetary, Congregation Emanuel, Abbey Land and Improvement Company, Holy Cross Cemetery, Central Trust Company, Burnett Building and Loan Association, Southern Pacific Company, Roman Catholic Archbishop of San Francisco (a corporation sole).

John Henderson, Superintendent of Mt. Olivet Cemetery presented the following protest:

Redwood City, Cal., Oct. 5, 1908.

Ao the Honorable Board of Supervisors of San Mateo County, State of California.

Gentlemen:—

We desire to protest against the application for the incorporation of Vista Grande which contemplates the including of Mt. Olivet Cemetery within said incorporation.

Our territory lies at a great distance from Vista Grande and being devoted entirely to the interment of the dead has no interest that would be served by incorporation within the limits of a municipality.

We are intirely satisfied with our present position under the jurisdiction of the board of supervisors of the County and see no public benefit that would be derived from any change.

We therefore respectfully protest against the said petition from Vista Grande.

Yorus truly,

Mt. Olivet Cemetery Association.
By John Henderson, President

All the protests were ordered filed.

Harry E. Styles who represents the people of Vista Grande, urged that said petition a be accepted and the County Surveyor be instructed to make a map of the boundaries that might be agreed upon by the board. While the petition described a large terrritory to be included in the proposed incorporation yet the board had the right to fix the boundary lines as it thought best. He was willing to leave out Visitacion Valley. He claimed the petition to be in proper legal form and urged that some action be taken.

H. W. Brown, who represented certain citizens of Colma and the Cemeteries, strongly protested against the petition saying that it was not in legal form in as much as a portion of the territory was not represented on said petition and further it was not shown that the signers were residents within the proposed corporate limits.

Geo. C. Ross raised the point that the petition did not recite whether a fifth or sixth class city was desired. He stronglyurged that the petition be denied. Styles said all he desired was fair play. He quoted the statute on the subject—showing that his petition was in legal form. After much argument on both sides the matter was laid over until the next meeting of the board. This was on motion of Eikerenkotter seconded by Debenedetti.

Archer Kincaid appeared for Mr. Lewis and asked that action be taken on his client's offer to furnish a map free to the county providing the board would declare it the official map of the county when completed.

District Attorney J. J. Bullock said the map would have to be approved by the County Surveyor before it was made official and that would require considerable work on the part of the surveyor to determine if it were correct.

Surveyor Neuman explained that it would almost cost as much to verify the proposed map as for him to make a new one. It was explained that Mr. Cloud when he was a surveyor received $2500 for preparing a map and that Mr. Bromfield several years ago got $2,000.

In view of these facts and on motion of Blackburn seconded by Debenedetti the sum of $300 was appropriated for Surveyor Neuman to prepare a new map. It is estimated also that it will cost $1,500 to prepare a new map. The offer of Mr. Lewis went over to the next meeting of the board.

On motion of Debenedetti seconded q by Blackburn, The auditor was directed to ascertain what unexpended money there is in the road fund of the First township thatcould be given to the new town of South San Francisco.

Eikerenkotter explained that owing to the removal of the South San Francisco from the control of the County he thought a new ordinance should be adopted fixing the limit of saloons outside incorporated towns The limit is now 104. Eikerenkotter favored cutting down the number. He thought there were already enough saloons in the county. He claimed that only for the limit fixed some time ago by the board that the number of grog shops in the first township would be double wnat there are now. On motion of Eikerenkotter seconded by Blackburn the District attorney was instructed to prepare a new ordinance to be adopted at the next meeting of the board.

The petition of John McIvoch for a rebate on his liquor license was referred to the District Attorney.

On motion of Blackburn seconded by Eikerenkotter the following resolution was adopted.

"Whereas, the County of San Mateo, acting in its representative capacity, by and through its Board of Supervisors, is constructing a new Courthouse Building upon the site of the former Courthouse, and to take the place of the one demolished by reason of earth quake of 1906, and that in the opinion of said Board it is fit and proper that those persons immediately interested as the representatives of said County, should, by proper tablets or memorials have their names, the year of the construction, the name of the Architect, and Contractors properly and fittingly inscribed thereon, and that said tablets should be placed upon each side of the entrance to said Building;

"Now, therefore be it resolved, that the Architect of said Building, Glenn Allen, and the Contractor for the stonework thereof, Rainey & Phillips, be, and they are hereby authorized and empowered to procure, and put in place such tablets of imported verde antique marble with polished face and sunken, carved letters, and in accordance with the details prepared therefor by said Architect, and at a cost not to exceed two hundred and thirty-five dollars ($235) for said tablets; ninety (90) cents for each large letter; seventy (70) cents for each small letter and punctuation mark that may be carved or inscribed upon said tablets.

"Be it further Resolved, that said Architect and said Contractors immediately, and without delay to said Building, place said tablets as heretofore directed in their proper position."

No further business appearing the board adjourned to December 7th at 10 o'clock.

A Wonderful Invention

Demonstrations of the Burlingame Telegraph Typewriter will be made in Redwood City, San Mateo and other towns of the Peninsula next week. It is the most wonderful invention of the age.

Every steamship, every tug, every ferry-boat can afford to use Burlingame Telegraph instruments in connection with wireless telegraphy. Passengers on large ocean liners can send and receive messages before landing. Our wireless news ticker will be on all big boats. Stock quotations will be given to passengers on all big liners; in fact passengers will be in touch with the general news, the markets and the sporting news while on board ship as completely as they could in their office or hotel on land. This is the only system where messages can not be intercepted, which will make it invaluable to the army and the navy and the commercial work.

The Burlingame Telegraph Typewriter Company will be similar to the Bell Telephone Company in regard to its instruments. They will be leased, not sold. They will be used in every country on earth where the telephone and telegraph are now installed.

A GRIM CEREMONY.

An Emperor's Death Hastened by Rehearsing His Own Funeral.

Emperor Charles V. of Spain brought about his death by rehearsing his own funeral. For the last two years of his life, after resigning the scepter of Spain and the Netherlands to his son Philip in 1556, Charles retired to the monastery of Yuste, in Estremadura, and there lived a cloister life in close intercourse with the monks, devoting much time to religious exercises. During this period, prompted, it may be, by the example of Cardinal de la Marck, who for several years before his death, in 1528, had annually rehearsed his own obsequies, the emperor, in the summer of 1558, formed the resolution to celebrate his own funeral before he died.

Accordingly, on Aug. 30 of that year, the grim farce was carried out with the most elaborate ceremonial. The imperial domestics marched with black tapes in their hands, and the emperor, clad in sable weeds, himself followed, wearing his shroud. While the solemn mass for the dead was sung before the high altar in the cathedral Charles gave up his taper to the priest, typifying thereby his resignation of life, and was solemnly laid his coffin. The ceremony closed with sprinkling holy water on his body; then, all the attendants retiring, the doors were shut, and Charles rose from his narrow bed and withdrew to his private apartment.

The damping of the graveclothes induced a chill, which, aided no doubt by the mental depression caused by the grewsome ceremony, induced a fever which ended in his death three weeks later, on the 21st of September, 1558.

Unruffled.

Master—Mary, I wish you would be more careful. I'm sorry to hear my wife has to scold you so often. Mary—Oh, it's all right, sir. I seldom takes any notice of her.—London Telegraph.

CITY COUNCIL IN SESSION

At the meeting of the City Council Monday evening Attorney Kincaid on behalf of Mrs. Mackie entered a protest against the macadamizing of Spring street. He stated that on account of the large frontage owned by her upon that street, as well as 1000 feet upon Chestnut street, the enforcement of improvement of Spring street at the present time would cause Mrs. Mackie very serious financial embarrassment. The travel upon the street is very light and Messrs. Genochio and Liguori, who with Mrs. Mackie, are a majority of the owners along Spring street being willing to postpone the carrying on improvements, the council agreed to defer action for the present.

A resolution was adopted, directing that the width of sidewalks along Walnut street be increased from 8 feet to 10 feet.

J. W. Poole was granted permission to connect a 1 1-2 inch pipe to the mains on Washington street, the water to be used for fire purpose only Connections to be made under direction of the committee on fire and police.

A petition for a street light at the corner of Fifth and B street was laid over pending the completion of the plans of the electric engineer.

Ordinance No. 73 was introduced requiring that all curbs be connected according to specifications in the hands of the clerk of the council.

A resolution was adopted justifying the marshal in purchasing lot 188 in assessment Dist. No. 9, for $99.75.

H. C. Tuchsen as representative of the Hooper tract was granted permission to connect a two-inch pipe with the water mains from Blaine street to the county road. The work to be done under supervision of the street superintendent.

Attorney Kincaid, secretary of the Board of Trade requested the board to have the streets swept three times aweek instead of twice and if the expense is too great, to make arrangements so that the streets will be clean on Sundays.

Several bids were received for furnishing poles, wire, lamps and electric appliances as called for in advertisements, but on account of the many technical terms of bids, a decision was reserved until the city electrical engineer can be consulted.

City Attorney Mansfield reported having notified property owners to have their sidewalks constructed according to specifications.

Wedding Rings.

Some one wanted to know without asking directly how long a certain woman had been married.

"About fifteen years," said a man who is a jeweler."

"How do you know?" asked his wife. "You don't know anything about her. You never met her until tonight."

"I can tell by the size of her wedding ring," said the man. "The width of wedding rings changes about every five years. Their size repeats itself at certain periods, but, figuring that way, the woman must have been married fourteen years ago, if not fifteen. She isn't old enough for forty-five; consequently she must belong in the fifteen year class."

Subsequent inquiry proved that the jeweler was right.—New York Sun.

Short Stay Neighborhoods.

A man who contemplated going into business for himself looked around for a good location. He rejected the advice of two friends who had suggested neighborhoods which they thought desirable.

"I don't like either of the places," he said. "Business can't be good around there. I have passed through those streets many times, and always I have been struck with the frequency with which the names on the shops are changed. That doesn't look promising. Wherever a man finds trade profitable he tays; contrariwise, he moves. None of the short stay neighborhoods for me."—New York Post.

Kaffirs' Love Letters.

The Basutos prove an interesting study. Not that they have any depths of character, but theirs is a very happy go lucky nation. These South Africans are romantic and sentimental, but it's all on the surface. Here are a few amusing paragraphs from Kaffirs' love letters:

"My sweet flowers, the ink and the paper are very glad, because they will see your dear, beautiful face, but the the pen and me are truly sad, for we are staying behind!"

"My love for you is burning like a paraffin stove!"

"Oh, you are so beautiful! You look like a peacock sitting under a willow tree!"

"My love for you is as true as a clock that keeps the time!"

More Darkness.

"I'm all in the dark about how these bills are to be paid," said Mr. Hardup to his wife.

"Well, Henry," said she as she pulled out a colored one and laid it on the pile, "you will be if you don't pay that one, for it's the gas bill."

A COMMON ERROR.

Correct the Sentence Before You Read the Explanation.

"May I examine the children a little as to their knowledge of the language?" asked the visitor at the grammar school, an old gentleman with a benevolent aspect of countenance, but a shrewd twinkle in his eye.

"Certainly you may," smilingly answered the teacher.

The old gentleman stepped to the blackboard and wrote this sentence upon it:

"Pennsylvania abounds in anthracite coal."

"Now," he said, "I should like to have some child point out the mistake in that sentence."

One of the older girls came forward, picked up the chalk and rewrote the statement thus:

"Anthracite coal abounds in Pennsylvania."

"Not so bad," said the visitor, "but you haven't found it."

Another changed it as follows:

"Pennsylvania abound with anthracite coal."

"Still incorrect," was the comment.

"Anthracite coal is abundant in Pennsylvania," wrote a third.

"That will not do either," said Mr. Baxter.

One of the big boys tried his hand, with this result:

"Pennsylvania is abundantly supplied with anthracite coal."

"No; that is not so good."

Then a little boy stepped forward and with his finger erased the word "coal."

"That word isn't needed," he said "'Anthracite' means hard coal."

"Right," said the visitor. "You have one bright pupil, anyhow, Miss Adair."—Youth's Companion.

With the Minstrels.

"Mistah Walkah, wot am de diff'unce 'tween a trav'ler startin' to Tangier an' a plate o' veal hash?"

"I give that one up, George. What is the difference between a traveler starting for Tangier and a plate of veal hash?"

"De one am Morocco bound, an' de uddah am half calf."

"Ladies and gentlemen, the celebrated vocalist, Professor Box de Bote, will now sing that beautiful and touching sentimental ballad, 'Take Your Face Away, Clarence; You Have Been Using a Safety Razor.'"—Chicago Tribune.

Keeping It Secret.

Village Postmistress—And what are those dashes? Hodge—Oh, he'll understand them right enough. Postmistress—Yes, but we can't send them by telegraph. Hodge—Well, they're the price o' the pigs. He'll understand. Postmistress—Yes, but you must put it in words or figures, else we can't send it. Hodge—Must I? Well, I'll whisper it to 'e, then.—Punch.
